Growing Green

with

Solar Energy

Sway Techno Solutions (P) Ltd

… your underground Technology Partner

Company Overview

- 15+ years in business
- **Solar Products and Solutions Company**
- Technology Driven Group
  - Legacy from leading Engineering background viz. IIT / Regional Engg. Colleges
- Business Verticals:
  - Efficient Energy Solutions (Renewable Energy: Solar)
  - Intelligent Connectivity Solutions (IoT, Telematics & M2M)
- **50+ MWp cumulative experience including EPC & I&C**
  - along with Technology/ Financial and Tier-1 partners
- Working with Government/ Semi-Government/ PSU and Nodal Agencies e.g. MNRE, UPNEDA, HAREDA, CEL, PEDA, EESL, REC, NACOF …
- **Presence across India in 11+ states** with experience across U.P., Haryana, Rajasthan, Himachal Pradesh, Punjab, M.P., Assam and Maharashtra… in 75+ work/project locations
- Our Differentiator is Proper Technology Selection, Design and Optimal Resource Utilization resulting in **Best Possible ROI for Customer**

Solar: Experience and Scale

- **MNRE (Ministry of New & Renewable Energy, Govt. of India) Channel Partner for:**

  >Grid Connected Rooftop based Solar Power plants

  >Off-Grid and Decentralized Solar Applications Programme

  +you may like to visit MNRE website for the Channel Partner listing, till 2019
- **MNRE approved** Solar Products and Solutions
- **"SP2C" Rating by** SMERA (July'2017) for Solar domain
- Collective* **experience of 50+ MW** of solar power installation (EPC & I&C) across India, Ground Mounted and Rooftop Installations (*with partners)
- **Alliance/ Channel Partners** with leading Solar Companies viz. **Tata Solar, Waaree, Redington**
- **100+ MW of PV panel** manufacturing capacity (with partners)
- Product Manufacturing and Service capacity of **5,000+ solar products per month**
- **International alliances** for best in class product/ solutions
- **Innovative and Customized Solutions** as per customer need

Solar: Solution Range

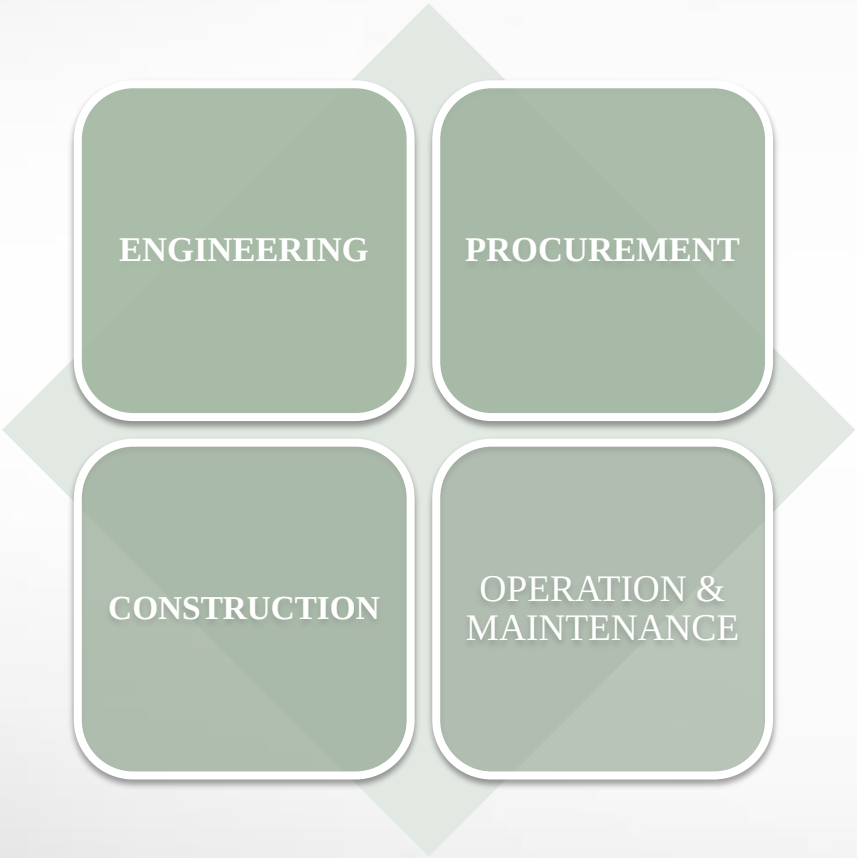
Grid Connected Solar

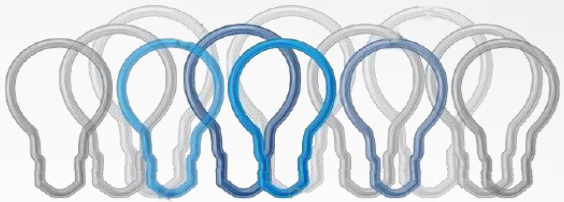
- Solar Rooftop Plants
  - RCC/ Flat Roof based
  - With Elevated Structure for optimum roof utilization and other benefits
- Solar Ground Mounted Plants
  - Mid Scale plants (500kWp – 5MWp)
  - Agri-Solar Plants; with Agriculture Support and better ROI
  - Large Scale plants/ Solar Parks

Hybrid / Off Grid Solar

- Solar Mini / Micro Grids
  - Enabling Communities with better living standards
  - Combined with Solar Lanterns, Home Light Systems and Street Lights
  - Sustainable Livelihood
- 24 Hour Solutions (with ESS) to Residences/ Building
- Remotely monitored (RMS) and controlled **Solar Street Lights** and **Home Light Systems**

What We Deliver





Solutions

We design, develop, integrate and support **Technology Solutions** that help our clients more effectively address business needs and industry requirements

Solar: Product Range

- MNRE/BIS approved Products
  - Solar Street Lights (9W - 90 W)
  - Solar Lanterns – (1W – 5W)
  - Solar Home light solutions – LED + Fan
  - Solar Charge Controllers & Energizer
  - Solar Inverters (Hybrid/Off-Grid) and UPS
  - Solar Hybrid Air Conditioners – 2ton/ 1.5ton
  - Solar Pumps – submersible/ surface
  - Solar Induction Cooker
